MONEYLESS BACK GUARANTEE! SCIENTIFICALLY LESS PROVEN TO AVOID HER ANGER AND KEEP HER HAPPY.

The “Am I getting fat?” Script

"The objective measurements of your body literally getting bigger have no basis in reality. I don't believe in science, therefore you're absolutely not getting fat. You're so brave."

The “She’s mad at you” Script

"You know what. You're right. Because of the intensity of your emotions and your willingness to keep naming things that I do wrong that are completely unrelated to the first thing we were originally talking about, I can tell that I'm wrong. I am sorry. I am wrong with all that I do, as well as who I am at the core of my being. Can you ever forgive me despite the fact that my existence is unforgivable?"

The “Do you like my new haircut?” Script

"God yes. I love it way more than your style before that is also equal to this one because I've always thought you're just as beautiful as you are now, even though you just got more beautiful than ever. The only thing that can potentially distract me from the sexy flowing beauty of your hair is the deep, radiant beauty I see in your eyes right now. I think both of our lives will undoubtedly change for the better because of your new haircut."

The “She spent way too much money on new clothes” Script

"Well, that sounds very reasonable. Spending \$_____ to save \$_____ is a brilliant way to save money. It will be an honor for me to pay the credit card bill this month. And all your other clothes you have in your over flowing closet obviously wouldn't work to keep wearing b/c of erosion and the general instability of solid state matter. Furthermore, I'm sure all the high waisted jeans you bought will NOT make you look like Steve Urkel. I can't wait to see you in them, beautiful."

The “She wants to watch the Bachelor” Script

"Of course I want to watch the Bachelor. Perhaps we should also record it so we can watch it again because it is such a deep, soulful show. It's almost too much to take in with just one viewing. The suspense of not knowing what will happen is driving me crazy. I wonder if there will be drama and fighting between the girls while they compete to see who can objectify themselves the most as a way of controlling this one man so that one of them can ultimately use him to fill the void of her daddy issues that she carries. However it plays out, I'm sure it'll end in true love. Is it on yet? I can't wait."

The “Who’s side of the family do we spend the holidays with” Script

"What a very open minded question honey. The fact that we've gone to your parents house for the past four years probably means we should go to your parents house for a fifth year in a row. That sounds like it'd be incredibly fair to me. My family's dead to me."

The "You didn't take the garbage out" Script

"I'm the worst. I apologize for disrespecting the divine goddess that you are by thinking you might take it out for once. My failure to conform to gender roles that are stereotypically male while

"we" refuse to let you be held hostage by a single stereotypical female role shows my weakness in character. I will take it out right away and then get started folding the laundry so that you can be free of toxic masculinity."

BONUS SCRIPTS!

The "She's Not In The Mood" Script

"I'm very sorry that I asked if you're in the mood for consensual sexual relations. I can see that you're clearly tired even though you don't look tired at all. It was profoundly wrong of me. You should probably report me to the #MeToo movement."

The "Should women have the right to choose?" Script

"As a man, I do not have the right to even have an opinion on this topic. I don't even know why God created men. You look beautiful sweetheart. Especially when you're angry."

The "Cold Shoulder" Script

"I just want you to know that I know I'm wrong. Your silence is teaching me this powerful lesson very well. You convey a lot of compassionate wisdom through your silent, sage like ways."
